FRIENDS OF HOME LABOR, LOOK AT THIS!

"England may rely upon GEN. PIERCE for effectual co-operation.—*Manchester* (England) *Examiner.*

"*The primary question for the United States in the elections is it for ourselves to the eternal contests of Democratic party, brought forward by the men of the South, commercial principles. In this respect, and on this point, we take Gen. Pierce to be a fair representative of the views of Mr. Calhoun, and, as such, a valuable practical ally to the commercial policy of the country. Gen. Pierce's success.*"—*London* (England) *Times, July 6, 1852.*

"*When the Celt has crossed the Atlantic, he begins for the first time in his life to consume the manufactures of this country (England) and indirectly to contribute to its cus- toms. He may possibly live to see the day when the chief produce of Ireland will be cattle, and English and Scotch capitalists, and by that time will have settled in the United States, and will certainly be less friendly to England, and will certain- ly be much better customers to her than they now are!*"—*London Times.*

Friends of Internal Improvements, Read this!

Resolved, That the Convention does not confer on the General Government any power to commence and carry on a general system of Internal Improvements.—*Baltimore Democratic Platform.*

"Look at that list! On one side, in favor of the measure, you will see all the Northern votes, with the exception of a few ever-faithful and never-to-be-rebuked Northern Democrats. Among these last, our eye rests *with inexpressible pleasure* upon the name of HARRY HIBBARD, of New Hampshire, and the friend of FRANKLIN PIERCE, and, we believe, the Representative of his District. A little lower down is that of STANTON, another Granite State Democrat. With HIBBARD, PEASLEE and JOHNSON, stand nearly every Democratic member of Congress from the South."—*Savannah Georgian* on the River and Harbor Bill.

"This bill is the first of the sort that has been passed for a long time, and *it will be the last for four years at least.* FRANKLIN PIERCE will come into power on the 4th of next March. A strict construction and respect for the constitution is the Median law of the Democratic party; and Mr. Pierce, besides that general reason, *is bound by every idea of consistency, and by every fact of his past career, to veto every bill like this.* He will do it, if they are presented to him, JUST AS SURELY AS THERE IS A SUN IN THE SKY."—*Richmond Examiner*, River and Harbor Bill.

Friends of Equal Rights, Read this!

THE NEW HAMPSHIRE TEST.—"*The failure of that Convention is mainly traced to those resolutions in favor of* PIERCE, ATTRIBUTING TO GEN. PIERCE, who were determined that it *should either be entirely subservient to their party views, or be shut it was, an abortion. They succeeded, and to them belongs the honor.*"—*Concord Democrat, June 12th, 1852.*

THIRD WARD WIDE AWAKE!—There was a very spirited and numerous turn out of the Third Ward Volunteers, at their Head Quarters on Thursday evening. Their Hall, at the corner of Main Street and Washington Avenue, was crowded full, and the most lively interest was manifested in the proceedings. Excellent addresses were made by JOHN H. TWEEDY, M. H. ORTON, WALTER BURKE and JOHN MURPHY; which were listened to with gratifying attention by the large audience. On motion of Mr. GOGGIN it was resolved to invite the other SCOTT associations of the city to meet with the "Third Ward Volunteers" at their Hall, every Thursday evening. At a late hour, the meeting adjourned with three enthusiastic cheers for SCOTT and GRAHAM.

THE ELECTION ON MONDAY.

On Monday next the Electors of this State are to make choice of a Chief Justice and two Associate Justices for the Supreme Court of Wisconsin. The Judges so chosen are to serve, respectively, for two, four and six years. They are to constitute the Supreme Judicial Tribunal of our State—the last Arbiter in all cases involving the rights, property and even lives of the citizens of Wisconsin. The importance of this election *cannot* be over-estimated. EVERY CITIZEN OF the State has a direct, tangible interest in the result. The credit, the character, the very progress of the State itself are more or less involved in the issue. Not at home, only, but abroad, the result will be eagerly looked for; since social ties, business connections, and financial engagements, all link us to the East with chains of iron.

Under such circumstances, what should, what *must be* the wish of the Electors of Wisconsin? What other wish can they, or *ought* they to have, than to select the BEST MEN for the high trust in question? What is it that the public expect and have a right to *demand*, in those appointed, or elected to interpret and administer the laws? So that they bring to the discharge of their onerous and responsible duties HONESTY, CAPACITY, and FIDELITY to the Constitution, what else should be required? These were the JEFFERSONIAN tests for *political* offices. Will the People of Wisconsin content themselves with any less for JUDICIAL ones? Does any man believe that where his rights are involved, his property at stake, or life itself in issue, the political opinions, or party attachments of the Judge should have the slightest possible influence upon the decision? Or would any right-thinking man *vote* for a Judge whom he supposed likely to be swayed by such considerations? We cannot believe it. If Party is to rule THE BENCH, Party ought also to regulate and *pack* the JURIES; and cases should be adjudicated, not upon their merits, but according to the political predilections of the opposing clients. Heaven forbid that so blighting a curse should ever fall upon Wisconsin!

If politics, then, should not govern the choice of Judges, what *are* the elements which properly enter into the decision of this all-important subject? Can any other rule be devised, or imagined, than that *every* elector, in voting for Judges of the Supreme Court, *should give his suffrage for those men only in whose hands he would be willing to trust his character, his property and his life*, and not alone these, but the *interests, rights and reputation of the State itself.* Bearing this rule in mind, let every voter apply it to the candidates now before the People. Let each man ask himself with whom he would prefer to leave the decision of a case, involving rights of his own, or interests of the public. Let him lay aside, as far as possible, all personal or political considerations, and resolve to vote for those candidates whom he honestly and conscientiously believes to be best qualified for the Supreme Bench.

Could the great mass of the people be made to realize the *vast* importance of Monday's election, and thus a FULL VOTE be secured, we should entertain no doubt of the result. The INDEPENDENT TICKET is so undeniably the better one of the two, that it could not fail of success. But there *is* danger, that it may be defeated on a light poll.—Great efforts have been, and continue to be made, to rally a party vote for the democratic Judicial ticket, and to a certain extent these efforts have been successful. But they would avail little if a full vote should be polled. The general sense of the People of Wisconsin is unmistakeably *opposed* to a Party Judiciary. And this will be manifest in the result of Monday's election if every Elector acquits himself on that day of the duty which he owes to himself, to society, and to the State.

MILWAUKEE, at least, should be true to her interests and character on this momentous occasion. Where the Polls are so easily accessible, and the business of voting so readily and promptly discharged, as in the city, *no man* who has the right to vote, should fail to do so. For should any man, who has influence, as well as a vote to give, towards the election of an able, upright, independent Judiciary, neglect to use it to the utmost. We appeal especially to our BUSINESS MEN, who have an *immense* stake in the issue, to bestir themselves vigorously, between this and Monday, and *it is* Monday too, in behalf of the independent ticket.—Their ACTIVE, UNITED and DETERMINED efforts can ensure for this ticket a *handsome majority* in Milwaukee. It is, indeed, for THEM to say, whether the Independent, or the Party nominations shall triumph here. Have they the *shadow* of a doubt as to which of these tickets is the best for themselves, the City and the State? And having no doubt, can they hesitate to do all that in them lies to secure the election of WHITON, STRONG and KNOWLTON? Will they not, ONE AND ALL, resolve to *go to work* TO-DAY and to stick to it till the Polls close and the Victory is won on MONDAY!

☞ The *News* is off now, in a very affectionate strain, after the Hollanders. It rolls up its eyes in holy horror at a late article of the New York *Tribune* which has the audacity to charge the Sheboygan *Nieuwsbode* with "lying." Let us look at the matter.

The *News* constantly uses the same sort of language—constantly charges its political opponents with lying. Surely, then, it don't think the *Tribune* far out of the line of propriety in using such language? But then, the *Tribune* called the Nieuwsbode's article "*Dutch* lying." Well; supposing our Sheboygan cotemporary to have been guilty of falsehood, is there anything abusive in the word "Dutch?" In the good old times when VAN TROMP sailed up the Thames with a broom at his masthead, no one complained that his fleet was called the "Dutch" fleet.

We don't admire the use of the word "lying," and unless under very great provocation, do not use it; but Mr. Greeley generally says very nearly what he means in plain Saxon. The *Nieuwsbode* did, most certainly, tell its readers that the Democratic party favors RIVER and HARBOR BILLS, and passed the last one; and this too, when the vote shows that *the direct contrary* is the fact. The *Nieuwsbode* certainly did thus publish what is untrue, and it don't seem worth while to quarrel about the language used by the Tribune in speaking of it.

FAINT HEARTED.—The locofocos of Milwaukee have for the *third* time, failed to raise their Pierce pole.—*Chicago Journal.*

One of the Sentinel's *misrepresentations*.—But *one* attempt has been made to raise the pole, which failed from unforeseen contingencies.—*Wis.*

A lame apology. Our PIERCE friends have fixed upon *three* separate occasions, as we stated, to raise the pole. The first time, it broke in pieces, or, as the *Wisconsin* daintily expresses it, "failed from unforeseen contingencies." What happened on the other two occasions, we don't know, but the pole is still prostrate, and cumbers the Market-square. *Do* somebody set it up!

SALE OF UNIVERSITY LANDS.—The Commissioners of School and University Lands give notice that the re-appraisal of the University Lands has been completed, and that they will be open to private entry at the Office in Madison on Thursday, the 28th day of October next, at 10 A. M. and thereafter, at the appraised rates, with costs of appraisal added. In case of two or more applications for one tract, it will be sold at auction to highest bidder. Terms 10 per cent of principal and 7 per cent interest till January 1st, payable at sale.

ENGLISH POLICY BAD.—The *News* says:

England, for the "protection" of her manufactures, worked all these wrongs—brought ruin and starvation upon that unhappy country—so fair to the eye that she has been called the Gem of the Sea—rendered the seat of untold misery and wrong by the restrictions of England upon her trade.

And yet the *News* and its party wish to give England the privilege of inflicting the same injuries upon this country!

DEE-RO!—Won't somebody join with us in a war upon that outlandish word "Depot," as applied to a railroad station. How it ever came into use, we cannot imagine. It is incorrect in its ordinary pronunciation, ugly, and clumsy. Why not expunge it?

THE PIERCE MEN "IN EXTREMIS."

The PIERCE leaders and organs in this State begin to show unmistakeable symptoms of despair. The "signs of the times" equal those. They already discover "the handwriting on the wall." They even doubt Wisconsin and have called upon CASS, DOUGLASS, VAN BUREN and other Sachems of the party to come to the rescue! They are already fairly beaten upon every legitimate issue of the pending canvass, and being afraid to meet the SCOTT men in the open field, skulk behind bodies and resort to Guerilla tactics. Think of their being reduced to the two single pleas, that Gen. SCOTT is an enemy to foreigners, and that Gen. PIERCE is a friend to River and Harbor Improvements! And yet these two glaring, palpable and notorious FABRICATIONS constitute their *entire* stock in trade. Take them away and they are utterly bankrupt!

The pretence that PIERCE is friendly to Harbor and River Bills we have already abundantly exposed. We have *proved*, from the record, that Mr. PIERCE while in Congress, ☞ *voted against every River and Harbor Bill* that came up, and that no longer ago than *last January* he publicly avowed his uncompromising hostility to all such measures, and declared them to be repugnant to the principles and practice of New Hampshire Democracy! One would think this *conclusive* as to Mr. PIERCE'S friendship for Internal Improvements, especially when added to the fact that his friends, tho' repeatedly challenged to do so, have failed to produce *one vote, speech, or letter* of his in favor of RIVER AND HARBOR BILLS.

And then GEN. SCOTT'S alleged "hostility to foreigners." The entire PIERCE press is vocal with this charge. The *News*, in particular, distinguishes itself by the cool effrontery with which it urges what it *knows* to be a wholesale fabrication. Take a sample from that paper of yesterday:

Again, we said that "Gen. Scott wished for ever to exclude aliens from the rights of citizenship unless they had been put up a year or two in the army and navy, to be shot at in time of war."

The *Sentinel* comments upon this, as follows:

This is another wanton and shameless fabrication. *There is not the slightest foundation, or apology for the charge. It is manufactured out of whole cloth.*

Now here is what Gen. Scott said last June, in his letter accepting the whig nomination:

Also to recommend or approve of a single alteration in our naturalization laws suggested by any military experience, giving to all foreigners the right of citizenship who shall faithfully *serve in time of war one year on board of our public ships or in our land forces*, regular or volunteer, on their receiving an honorable discharge from the service.

There, we have proved every word, by GEN. SCOTT'S writing, to which his signature is attached.

Is not that worthy of SAMPSON BRASS himself? The Naturalization Laws secure the rights of citizenship to all foreigners after *five* years' residence in this country. Gen. SCOTT proposes that all foreigners, who shall serve faithfully *one year* in the Army, or Navy, shall be *thereby* entitled to the rights of citizenship. That is, he proposes to *reduce* the term from *five years* to ONE YEAR, as a reward for such faithful service under the flag of our country. And the *News* coolly points to this as proof that Gen. SCOTT wishes to "exclude all foreigners *forever* from the rights of citizenship *unless* they serve a year or two in the Army or Navy." The *News* could not well offer a grosser insult to Adopted Citizens than in thus attempting to palm off upon them as true what itself *knows* to be false. It must indeed be a desperate cause which seeks help in such base expedients.

Maine.

The cheers which the Loco Foco press set up on the recent result of the Maine election, are very faint. The truth is that there is not a drop of comfort for them in the far East. Leaving out the vote on Governor, which turned altogether on the liquor question, look at the Legislature. Last year the Senate stood 26 locos to 5 whigs; the House 96 locos, 52 whig, 3 free soil. Now, the Whigs have a handsome majority in the Senate, and ran their opponents very close in the House. The Portland *Advertiser* of the 17th makes the House stand 60 Whigs, 70 locos, and 21 not heard from, 7 of the latter being reported Whig. As to Congress, the *News* says:

Of Congressmen, the Whigs have three (same as last year) and the Democrats three, having lost one by the re-distributing of the State, which has now six, whereas before she had seven Congressmen.

The Whigs did "not" have 3 Congressmen "last year"—only two—Messrs. Washburne and Goodenow. For a few weeks towards the end of the last session, another whig was present having been elected to fill a vacancy caused by death.—It is true that the State has been districted since the last Congressional election, but it was gerrymandered by a Loco Foco Legislature so as, in their opinion, to give them five out six members. Here is the way they fixed them, on the basis of the Congressional vote of 1850:

	Loco.	Whig & F. S.	
D'st. No. 1.	6,828	5,928	900
" " 2.	9,073	7,173	1,900
" " 3.	7,156	2,658	1,498
" " 5.	1,721	7,245	476
" " 6.	5,310	5,083	227
			5,001
Whig dist.			3,449
" " 4.	5,082	8,431	
			1,552

Now mark the result. Instead of getting the 5 Congressmen, the locos got but 3, and two of those by no means certain. SCOTT *leads the column!* and the Whigs have gained in three districts no less than **7236** over 1850. Maine is safe for Scott beyond pendventure!

The Improvement.

It will be recollected that Governor Farwell selected about 78,000 acres of land for the improvement of the Fox and Wisconsin rivers, being the balance belonging to the River Fund.—The selection thus made has been approved by the President of the United States, and the lands will soon be thrown into market.

This acquisition will go far towards completing the work. *Great credit is due to the Gov. for his efforts to obtain these lands.* A new impetus will be given to the work, and business upon the river must be greatly enlarged.—*Green Bay Spectator.*

We are happy to see this frank recognition of Gov. FARWELL'S desire and determination to do all that he properly can in aid of the Northern Improvement. What the law and constitution permit, he will promptly and cheerfully do. But he will not go beyond these limits to please any man, or propitiate any party. Such is and *should* be "the PEOPLE'S Governor."

DEMOCRACY AND NATIVEISM.—The last Washington County *Blade* warmly endorses the nomination of JOB HASKELL for the Assembly, in the Port Washington District, and pronounces him "a firm old democrat." JOB was a leading, active, and influential member of the original NATIVE AMERICAN party in the City of New York. And yet the PIERCE papers here hold him up as "a firm old democrat!" Our Adopted Citizens can find another striking illustration, in this fact, of the *sincerity* of democratic professions. The PIERCE leaders, while *pretending* to be their friends, support men for office who sought to exclude all foreigners from the rights of American Citizenship!

A Degenerate Party.

The Democratic party was founded by the immortal Jefferson. That great statesman and political philosopher laid down a code of political principles, which have done more to elevate man to his proper level in the great scale of self-government, than all the creeds that have been developed for the last eighteen centuries.—*Madison Democrat.*

Supposing all that to be true, the democratic party has sadly degenerated, for Jefferson was decidedly in favor of Home Industry.

STEAMER ON FIRE.—The Sheboygan *Journal* learns that the steamer Harrison was on fire in her "coal hole" on Tuesday last. It was extinguished without doing any material damage.

☞ Job Haskell, at one time a leader of the Native American party in New York, now resides in Wisconsin, and recently presided at a Pierce meeting.—*Indiana State Journal.*

Yes, and the regular "democracy" have nominated Job for office, in Washington county, which polls about four fifths of its vote from adopted citizens. Who would have thought it?

State Fair Committee.

At a meeting of the committee of 15—appointed at the meeting of the citizens—held at the United States Hotel on Thursday, the 23d instant, Mr G. H. WALKER was called to the chair, and F. RANDALL was appointed Secretary.

On motion, the following persons were appointed a Committee, to act in conjunction with Mr. INGHAM, the Secretary of the State Agricultural Society, in the arrangement of the ground—J. H. Rogers, E. Eldred and A. Greulich.

On motion, Resolved—That the following persons be appointed committees, to circulate subscriptions:

1st *Ward.*—C. Shepard, H. Reed..
2d *Ward.*—Leander Comstock, A. J. Langworthy.
3d *Ward.*—J. Crummey, Wm. Brown, Jr.
4th *Ward.*—J. E. Goodall, Moses Kneeland.
5th *Ward.*—Wm. A. Hawkins, J. Rosebeck.

Third Ward Scott Club.

At an adjourned meeting of the Third Ward Scott Club, held at their room, corner of Main st. and Washington Avenue, on Thursday evening, 23d inst. JAS. GOGGIN offered the following resolution:

Resolved, That all the members of Scott Volunteer Clubs in the different wards of the city, are invited to meet together at our Club Room on the evening of Thursday next, 30th, to co-operate with the friends of the cause of Home Labor in the Third ward, and also on each succeeding Thursday evening.

The resolution was seconded by JOHN MURPHY and unanimously adopted.

On motion it was agreed that the next meeting of the club shall be held on THURSDAY evening, Sept. 30th.

J. M. CRUMMEY, Pres't.
T. KEOGH, Sec'y.

DANIEL WEBSTER.—The Oshkosh *Courier* calls for a Convention of the friends of Daniel Webster, to assemble at Madison on the 14th proximo, for the purpose of nominating an electoral ticket, and a candidate for Vice President. The coolest part of the joke is, that the *Courier* supports Pierce and King, and would not sustain Daniel Webster under any circumstances. We hope, however, that the Democrats who prefer Mr. Webster to Frank Pierce, will cast their votes for him in November. —*Green Bay Advocate.*

Good advice. The *Wisconsin* here, endorses the "Oshkosh" call and "*hurrahs for Webster.*" By all means let the discontented democracy vote for WEBSTER. Why fool away their votes on PIERCE?

MORE SIGNS.—At Eaton, in Ohio, last week, there was a good old fashioned gathering of the friends of Gen'l SCOTT. In the procession was an Irish Scott Club, numbering 110 members, with a banner displaying the Shamrock, with the words, "*the Irish boys of Hamilton for Scott.*"

There was also a German club, numbering 65, with a banner inscribed "*German Scott Club from Hamilton.*"

Three hundred and fifty-six (!) more Cincinnati Germans have bolted from the so-called democracy. The *Atlas* of that city says that Hamilton county in which it is situated will poll 900 German votes for Scott.

A RELIABLE PAPER.—The *News* yesterday had the following paragraph:—

GREAT EXPLOSION AT WASHINGTON.—The Committee on the Gardner Fraud have brought out some facts of an astounding nature, implicating other parties besides Corwin. He has sent in his resignation as Secretary of the Treasury.

The paragraph from which the *News* manufactured the above, read as follows:—

New York, Sept. 21.

The Times has a special dispatch from Washington saying that a great explosion had taken place in the Gardner Committee to-day. It is *not* Secretary Corwin *but another party* that is in trouble, which has caused much excitement.

The dispatch *exonerates* Mr. Corwin, but reiterates the report that he has sent in his resignation.

The readers of the *News* must have great respect for its character for veracity.

STEAMBOAT AND RAILROAD VOTES.—The *News* don't at all believe in these votes when they show a majority for Scott. It has found *one* which gave a contrary result, to which it gives full credence. Here is a batch of them from one number of the Sandusky *Register*. The *News* won't believe one of them:

SIGNS OF THE TIMES.—A vote was taken on the Mansfield and Sandusky train, night before last, with the following result: Scott 105; Pierce 13; Hale 14; Webster 10. There were quite a number of Ladies in the Cars, who said that if *they* would only be allowed to vote, they would go for the gallant Scott, every one of them. So it goes! The Ladies are on our side, and we *must* win the day, *of course.*

On the Columbus train, yesterday, another vote was taken, resulting as follows: Scott 249; Pierce 163; Hale 69; Webster 2.

On the up train from Newark, last evening, the vote was polled, giving Scott 49; Pierce 24; Hale 3.

On the steamer from Buffalo to Cleveland, a vote was had, yesterday morning, resulting in a majority of *three to one for Scott.*

HOME NEWS FROM ABROAD.—The editor of the Madison *Democrat*, general supervisor of the PIERCE democracy in this State, "judging," as he says, "from the silence of the Milwaukee English papers," (*News* and *Wisconsin*) that democracy here was dead and buried, has been to town to see for himself. He reports that the City democracy is "alive and kicking," thanks to the distinguished labors and eloquent speeches of "Coun. James, and others of the live democracy." Finally, he hits the *Wisconsin* and *News* over the head, thus:

It is due to the working democrats of Milwaukee, that these facts should be known to their brethren in other sections of the State, that they may not be judged by the *neglect* and *coolness* of those whose duty it is to chronicle their doings.

What's the use scolding? The *News* and *Wisconsin can't* get up any "entoosymoosy" for PIERCE and KING, and don't mean to kill themselves trying.

AT THEIR OLD GAME!—In 1848, the Locos cheated Pennsylvania by pretending to be in favor of a protective tariff. They carried banners in their processions, inscribed "Polk, Dallas, *and the tariff of '42.*" So again now. A call upon the Democracy to hold a grand meeting at Reading, Pa, reads as follows:

"Friends of the Union and the Constitution—disciples of Jefferson and Jackson—*advocates of protection to Agriculture, Commerce, and Manufactures*—all who go for the common brotherhood of the North and the South—come one—come all—to ratify the nomination of the patriots, Pierce and King."

Out West, it is heresy for a regular democrat to talk about protection to Manufactures.

☞ Messrs. MOORE and LANDRY, the two whig Congressmen from Louisiana, whose names have been paraded in the Loco Foco press, as opposed to SCOTT, have published a card, in which they say:

It is with some surprise and regret that we saw it announced in several prints of Louisiana that we were opposed to, and would not support, the nominees of the Whig National Convention. We were surprised because, before leaving the convention, of which we had the honor to be members, we openly avowed our intention to support SCOTT and GRAHAM; and we must regret that such a misrepresentation should have been thought necessary to bolster up the very weak claims of General Pierce, as a candidate for the Presidency, to public favor in the South.

A GREAT CALF.—We notice by the last Washing Co. *Blade*, that Mr. W. H. MCCRACKEN, of the Town of Newark, has just imported a bull calf from the East, which is only fourteen weeks old, and weighs 454 pounds. It is of the Short Horn breed, and full blooded. We hope that Mr. MCCRACKEN will give folks a chance to look at his calf at the State Fair.

☞ We expect to be able next week to report progress on the rail road survey from Janesville westward to this place.—Monroe (Green Co.) *Sentinel.*

Happy to hear it. The progress of the Southern Wisconsin Rail Road is a subject of deep interest and a source of great satisfaction to the people of Milwaukee and of the Lake Shore.

UNCLE TOM'S CABIN IN ENGLAND.—HANDSOMELY DONE.—Mr. Thomas Bosworth, a London bookseller, has written to Mrs. Stowe, informing her that he will send her 3d. on every copy of his edition of "Uncle Tom's Cabin" sold in England. HELP WANTED!—All the PIERCE papers are publishing a call for a Webster Convention at Madison to nominate a Webster Electoral ticket for this State. They affectionately entreat "the Whig papers" to copy, but no whig paper seems disposed to help them. This is too bad. If the Bunkers are sick of Mr. PIERCE and want to take up Mr. WEBSTER instead, they deserve to be encouraged. It would really be a excitable change.

THE MAILS.—No New York mail for two days! In the name of the good old times of stage coaches, when we had mails once a day at least, what under the sun has become of the New York mail?

☞ We hear it rumored that one object of inviting Messrs. Cass, DOUGLASS, SHIELDS, VAN BUREN &c., &c., &c., to this city, next Tuesday, is to get them to help raise that pole on Market square.

☞ An adjourned meeting of the State Fair Committee will be held at the U. S. Hotel this evening at 8 o'clock. The punctual attendance of *all* the Members is requested.

☞ The *News* informs us that "the Democracy are going to make a "clean" of from SCOTT and the whole whig party *next month.*" No doubt the *News* labors under the belief that election comes off "next month."

City Matters.

☞ WELL, it seems, has found his business increase so rapidly upon him, that he has been obliged to engage another assistant. Being too restless to perform that branch of duty himself, he employs him to sit still and smoke. With his white gloves and all that he is rather too delicate for this every day world.

☞ We learn that the Rev. JOHN M. BUCHANAN, well known to our citizens as the pastor of the North Presbyterian Church, cor. Milwaukee and Martin Sts., has returned from his trip to the east with much improved health, and will preach tomorrow. Services in the morning at the usual hour —in the afternoon at 4 o'clock.

YOUNG MEN'S ASSOCIATION.—A meeting of the Board of Directors of the Association is to be held this (Saturday) evening, at their rooms. We are requested to invite a full attendance, as business of importance will come before the Board.

MUSICAL SOCIETY.—Our Milwaukee Musical Society open the Fall Campaign, next Wednesday evening, with a fine Concert. Their rehearsals are in active progress, and a superior entertainment is promised.

REFRESHMENT STANDS.—See the notice of the State Fair Committee.

☞ Several car loads of produce came in from Whitewater yesterday, and merchandize for that place and beyond went out in large quantities by the afternoon train. The business of the road is heavy, and puts in requisition everything in the shape of cars which the company possesses.

STATE FAIR COMMITTEE.—The proceedings of the State Fair Committee are commended to the *especial* attention of gentlemen to whom duties are assigned which ought to be promptly performed.

Persons anxious to put refreshments stands, or booths on the Fair Grounds are referred to the notice in our advertising columns.

"VOLUNTEERS!" TURN OUT!—The "SCOTT VOLUNTEERS hold a regular meeting at their Head Quarters *to-night.* We understand that among other speeches, there will be one from a prominent Democrat of this City, who desires to make public the reasons which impel him to vote for WINFIELD SCOTT. Come and hear him!

FOR BUFFALO.—The *Iowa* Capt. LAMBORN leaves for Buffalo to-morrow morning at 8 o'clock. See notice.

Gen. Scott's Reception at Cleveland.

Notwithstanding the prevalence of a pelting rain, the reception given to Gen. SCOTT, last night, on the arrival of the cars was grand and enthusiastic. Thousands thronged the landing to welcome him to the Forest City. The whole military of both cities, were out in splendid array. The artillery company fired a salute from the whole battery on his arrival, and the welkin rang with cheer, loud and hearty cheers, as the towering form of the noble old chieftain was seen standing from the cars. From the hotel he was escorted in his carriage until he reached his apartment at the American, the streets were thronged with an excited mass of people, and a tremendous concourse of respect shown him, and paid a handsome compliment to the military, for the honor received at their hands, and on their soldier-like bearing and appearance.

He distinctly avowed to the multitude that he was on no political mission, that he neither sought nor desired popular manifestations, but was about to pass through the State, quietly and rapidly, to discharge a duty, pursuant to an order from Congress, to locate a Western Military Asylum at Bluelick Springs in Kentucky.

After he had withdrawn from the balcony a tremendous rush was made to get a shake of his hand. The American was filled in a few moments. The sturdy sons of the "Gem of the Sea," rushed in by the hundred, and flocked around him. Their rich Irish brogue was heard giving him a cordial and heart-felt welcome—The remnant of his gallant Churubusco boys, in this city, were introduced to him. He received them with the warmth and affection of a father, immediately recognizing the faces of several of these gallant men who shared with him the dangers, fatigue and glory of his great campaign in Mexico.

During the evening, he received hundreds of our citizens, both civil and military, in the most cordial and affable manner. The General appears to be in the best health and spirits. His towering form, eagle eye, and Roman countenance, mark him a man among men. The spontaneous outburst of enthusiasm which greeted him, bespeak in stronger language than words, that the great popular heart was enlisted in behalf of America's defender, and would be satisfied with nothing short of placing him in the White House next March.—*Forest City.*

The *Pittsburg Gazette* says of General SCOTT'S brief speech in that city:—

His remarks were made with great deliberation, and in appropriate and chaste language, and with a good deal of natural eloquence. They called forth one universal expression of admiration. All felt that they were in the presence of a man that could talk as well as fight. Everybody knew he had no superior as to the latter, but his enemies had been so industrious in their depreciation of his character, that there were some doubts about the former. His speech at the Monongahela House on Saturday, dispersed every doubt, and scattered this position of his slanderers to the winds. They find in Gen. Scott a man whose strong manly good sense is only equalled by his unaffected modesty, and whose friendliness of manner, which puts every person at perfect ease in his presence, while it never degenerates from the dignity of a true gentlemanly man.

Gen. Scott looks remarkably well. His herculean form stands erect in its majestic proportions, and his countenance indicates robust health. Unless taken off by some epidemic or acute disease, he could stand a campaign or so, yet, better than many a younger than.

"The Skies are Bright!"

The New York *Tribune* of Saturday last closes a review of the present aspect of the political campaign with the following glowing paragraph:

From Maine to Iowa, from Buffalo to New-Orleans, the ratio for Scott is spontaneous and universal. The change within a fortnight can hardly be realized except by those who are in the constant receipt of advices from all parts of the country. And everywhere, as the Scott ranks are formed, our friends are astonished at their strength.—Here is Connecticut at our elbow, which the Pierce men have hoped to carry, and where they will still make an earnest fight, but in which they will be beaten (if we are not greatly deceived) as they have not been since '40. Tennessee has been debatable, but not a Scott man in its length and breadth has longer a doubt of it. Delaware went against us two years ago; but it will now give Scott a larger majority than it ever gave to any candidate for President. In Maryland, the Whigs have been rickling their adversaries with a present of half a dozen Old Fogies, and for every one of them we shall add at least a hundred to Scott's majority.—And so New York has been talked of as a doubtful State, which is sheer humbug. Unless Pennsylvania outdoes all expectation, New York will give the largest majority for Scott of any State in the Union.

But it is not only in the naturally Whig States that this change is manifested. If the present tide sweeps on, Pierce will hardly get fifty votes—Mississippi is a doubtful State to-day, and will be carried for Scott if his friends there but realize their own strength, as part of them do. Illinois can be carried if the Whigs but work there as those of Delaware, Maryland, Michigan, &c., are now working. After the election is over, if it be lost, every one will say, 'How easily it might have been carried if we had only known how close it was!' And so of Iowa, Wisconsin and other States. Let Scott and Pierce be fairly set before the whole People, and every vote called out, and the majority for Scott will exceed any ever given except to Harrison.

Friends of Gen. Scott! we know whereof we affirm when we assure you that all goes well. We have no prophet, and cannot say what the Future has in store. But To-Day the prestige of success is all on our side and every indication portends an overwhelming triumph for Old Chippewa. Take hold with us, and place his triumph beyond doubt or contingency.

Havana letters report the total number of persons under arrest to be over one thousand.

Captain General Canedo, is represented as growling more unpopular every day. Wealthy citizens were arrested on suspicion, and are stripped of their property at once by confiscation.

The police officers on going on board the *Crescent City* were told by Lieutenant Porter, that if they came to arrest any one unwarrantable to Spanish authority, the ship was open to them, but if they were to search the ship's officers, they would not be permitted, and they must leave immediately, which they did.

He also stated that were any attempt made to detain his vessel, the authorities would be made answerable to the American Government. Owing to the watchfulness of the authorities, it was almost impossible to get a letter on board the *American* steamer. All papers brought to the *Fort* are opened, and if they contain one word against the Government, they are destroyed.

Meeting of Grand Lodge of Odd Fellows—*Election of Officers.*—The Grand Lodge of Odd Fellows, today, elected the following officers:—Grand Sire, Wilmot G. Dauenhauer, of South Carolina. Deputy Grand Sire, Horace A. Manchester, of Rhode Island. Grand Secretary, James E. Carter, of Maryland. Grand Treasurer, Joshua Van Zandt, M. D. The election occupied nearly the whole day and no other business was transacted.

St. Louis, Sept. 21.

Destructive Fire.—Last night Alexander's livery stable was entirely destroyed by fire, together with a large number of buggies and wagons.—There were 150 horses in the stables, all of them were saved.

The loss is estimated at $10,000 upon which there was no insurance

Marine.—The propeller General Taylor, ran ashore yesterday morning on Bois Blanc Island. It is believed she will be got off with out suffering any damage. The strong wind up stream which has been blowing for the last twenty-four hours has made the water more shallow at that place than usual.—*Detroit Advertiser.* 22nd.

Gen. Scott at Columbus.

Columbus, Sept. 21.

Gen. Scott was received at the Railway station at five o'clock this afternoon by a very large assemblage, and was saluted by the discharge of cannon and the cheers of the people. He was conducted by the committee to the Neil House, where he briefly addressed the assembly, but made no allusion to politics.

He will leave here in the morning for Chillicothe and Portsmouth.

False Report Corrected.—The report that Secretary Corwin had handed in his resignation is false.

Match Between Cricket Clubs—The latter, made some weeks ago by the Cricket Club of Chicago, and we understand the contest will come off about the 4th proximo —The ground selected for the match is on the open prairie near the lake shore, immediately South of the residence of Mrs. H. B. Clarke. The location is admirably adapted to the purpose.—The Milwaukee Club has long been practicing, with reference to this match, and we might not the feeling expect to win the day. of rivalry which appears in nearly all matters relating to the two cities, so far as the Milwaukee people are concerned, will enter into the contest and make each party struggle for superiority. In case of favorable weather, the match between the two Clubs cannot fail to create considerable excitement, and call out a large number of spectators. —*Chicago Tribune.*—of yesterday.

Caution!

The public are cautioned against receiving Two drafts drawn by the Michigan Insurance Bank on Messrs. Duncan Sherman & Co., Bankers, New York, on the firm of H. A. and I. E. Francisco.—One draft is for two thousand dollars, and one for one thousand dollars. Said drafts were stolen from Mr. Francisco on the Railroad dock this morning. As they can be of no use to the thief, he will confer a favor by returning the drafts through the Post office to J. L. Hurd & Co. Payment stopped.—*Detroit Adv., 22d inst.*

An old gentleman by the name of Nield, of Ashford, recently deceased, bequeathed £1000 to his relatives, and over £1,000,000 to the Queen.

The proposed reduction of the French army has already commenced by the suppression of 36 companies of Marines, who are to be replaced by the same number of men from the land army.

It is rumored in Paris that, acting on the request of the Councils General and other petitioners for the re-establishing of the Empire, Louis Napoleon will be declared in the Senate President for life, a step probably to the higher dignity.

Germany.—The Augsburg *Gazette* states that the Austrian Envoy has addressed an energetic note to the Belgian Government respecting the indignities offered to Haynau in Brussels.

THE WRECK OF THE ATLANTIC.

☞ Maillefert and his companions returned from Long Point last evening, after a second and unsuccessful attempt to explore the wreck of the *Atlantic*, although from unavoidable circumstances, nothing has yet been accomplished towards raising the Express Company's safe, or commencing operations upon the wreck. We have been furnished by Mr. John Green, the diver, with a very interesting account of his descent. Notwithstanding the somewhat unfavorable condition of the weather, and the roughness of the water, it was determined to make an attempt to reach the wreck on Saturday morning, in order to test the capacity of the new hose.

Mr. Green therefore arrayed himself in the marine armor and started on his second trip to the bottom of Lake Erie. He descended without any difficulty and landed directly in the interior of the steamer's smoke pipe, the top and sides of which he fell with his feet and hands. He was then elevated again a little distance and adjusted the second time on the braces, following above until he got on to the cross braces. He did not, however, succeed in making a firm footing on the deck, owing to the unsteadiness of the small steamer used upon the occasion, which communicated too much motion to the hose and ropes. There was much risk of the air-pipe getting entangled in the ropes and wood work, so as to be unable to extricate himself, or to tear the dress, and being again elevated, he descended a third time alongside and clear of the wreck.

He now went down fourteen feet below the upper deck and even with the guards, his head having *one hundred and thirty-nine feet*, and his feet *one hundred and forty-four feet* below the surface of Lake Erie. This is the deepest dive ever made, one hundred and twenty-six feet being the greatest depth ever before reached. The new hose was found to be perfectly successful; the diver felt quite at ease, and went down and up without any the slightest injury to dress, pipes, or men.

The marine armor is considered a perfectly air tight India rubber dress, topped by a copper helmet with a clear, thick plate of glass in front.—The pipes which supply and exhaust the air, lead from the top of the helmet. The pumping requires much labor; four, and sometimes six men being employed upon it at the same time, and compelled to work hard at that. A great pressure of air is experienced by the diver upon his lungs; equal to 75 lbs to the inch, and very few individuals could bear it for any length of time. When first going into the dress, the sensation of oppression is very overcoming, but passes away in a great measure after entering the water. When a depth of ten feet is reached in the descent, the dress becomes entirely emptied of air and collapsed to the body, causing a pressure of air everything equal to the heft of a ten pound weight, excepting also to the head, which is protected by the copper helmet.

The difficulty in breathing now becomes great, and a painful sensation is experienced by the diver, the jaws becoming distended, and the head seemingly splitting. This continues until after descending another ten or twelve feet, when the pain is relieved, the diver feels comfortable, and experiences no further inconvenience. When about sixty feet below the surface, hundreds of the legitimate inhabitants of the water surround the diver, nibbling at their strange visitor as though he were "food for the fishes." After reaching seventy-five feet, all is perfectly dark—a black, impenetrable darkness—and an electric flame plays around the inside of the helmet, caused by the friction of the pump. At about one hundred and sixty feet, the water is very cold, being in the present season within four or five degrees of freezing.

Mr. Maillefert has returned in order to obtain a larger steamer, and to wait for settled and calm weather before making another attempt. He has not the slightest doubt that the next effort will be crowned with success. Mr. Green, the diver, has proved himself capable of doing the work effectually, and must rank as one of the first, and most useful "under water" men in the country. Two excellent divers besides Mr. Green are in company with M. Maillefert. We shall look with much interest for the result of the next trial, but that it will be successful we have no doubt.—*Buff. Commercial.*

☞ It affords us pleasure to know that many of the settlers on the Menomonee Purchase have been able to take up their claims without one difficulty. But few claims have been contested, and many of the settlers so far have proved up and paid for their lands. The purchase still increases in population, and bids fair to become the garden spot of the State.—*Berlin Mercury.*

Sarah J. Burt, heretofore residing in Rutland, Dane Co., left her home on Friday evening last, since which time she has not been heard from. She is 19 years of age, about 5 feet 3 inches high, with light complexion, brown hair, and light blue eyes, and a small mole upon her chin. A man by the name of Isaac Case, in whose family said Sarah had lived, disappeared from the neighborhood about the same time under circumstances to warrant the suspicion that he had enveigled her into an elopement.

THE WORLD'S FAIR

PREMIUM SAFES.

DEPOT,

Green Block, Water St.,

(Between Maiden Lane and Wall Street,)

NEW YORK.

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-PROOF SAFE in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The AMERICAN INSTITUTE last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium wherever his Safes have been exhibited in competition, for more than purpose. Certificates have been received from the first having well-known mercantile houses, who have had their Safes subjected to the severest test in the most upset of fires, within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stilwell & Montrose, and Mess. A. Walker, at the Hollow Stone Fire Proof Store, Pearl-st., Messrs. Wilson and Hoyt, Hollow Stone Fire Proof Building, and Messrs. John Lockwood & Co. in the great fire corner of Liberty and Nassau Streets, and Messrs. Pound & Bowman, in Jersey City.

And the patent of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Safe for the purpose ever invented. Both the patent powder and the Key is no larger than a coin, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY KNIFE PLANING, TONGURING AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I like this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find scarcely that the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791—a like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned after some time. It ought to satisfy the public to know this after fifty eight years experimenting upon these machines, not one is now in use of any value for the purposes understanded.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and for one-fifth the trouble.

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do as much work, and do it as well as mine, in reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border-St., East Boston, Mass., or at such other place as may be convenient for such a trial.
